

**Still using spreadsheets
to track your Dwg Office
Documentation ?**

**Take Control
of your Documents !**

10 reasons to switch to **DRPRO**

- Fully relational Database system
- Automated printing & emailing of Transmittal Slips
- Automatic tracking of printing costs
- Lightning fast batch document issuing system
- Full issue history of any document with one click!
- One click access to any document recorded
- Multiple disciplines tracked simultaneously
- Fast printing of Dwg/Doc Registers with varying detail
- Log & track time spent on each drawing or document
- Fully networked, accessible by everyone in the office

Who's using DRPRO?

From the top architectural, engineering and interior design companies, to multi-office multi-disciplinary practices, construction companies, equipment suppliers, right down to the smallest one-man practice.

On what kind of projects ?

From Mega size projects such as Gautrain, to most of the 2010 World Cup Soccer Stadiums around the country, to large turnkey mining projects, all the way down to the smallest housing project.

Why are they using DRPRO?

Because it simply saves them time, saves them money, puts them in full control of their drawing/design office documentation, as well as helping them with ISO 9001 compliance and certification, so they can spend more time on their core activities to get the job done!

On-Site Training	R 1,100.00	For each additional delegate	x	=	3. Please complete a separate Order Form for each branch office or division / department where DRPRO will be installed and operated as an independent database.
TRAINING & INSTALLATION NOTE: Please request a separate Quotation for On-Site Training & Installation outside Gauteng. The prices above are for Gauteng only.		SubTotal =			
		(RSA only) Add 15% VAT =			
		TOTAL DUE =			

PLEASE NOTE these Terms and Conditions:

<p>1. You may install DRPRO-NL (Network Licence) on every workstation in the office.</p>	<p>6. It must be renewed every year before the expiry date so as to be able to continue adding new records to the database (Drawings, Recipients, Transmittal Slips, etc.)</p>
<p>2. Everyone can have access to DRPRO-NL from their own workstations simultaneously, up to the number of licences on subscription for the year. You decide where to install and who should have access to it.</p>	<p>7. If not renewed by the expiry date, DRPRO will NOT stop working, BUT the ability to add new Drawings and issue new Transmittal Slips will stop. However, your existing data will always be accessible as View and Print only. You will NOT be locked out of your existing data.</p>
<p>3. This is an Annual Subscription and entitles you to all new updates (major or minor) during the subscription period. See also Note 7.</p>	<p>8. If not renewed for a while, you may restart a new Annual Subscription at any time at the prevailing price and also upgrade to the latest version. (No need to pay arrears Annual Subscriptions to get up-to-date)</p>
<p>4. The pricing is one single price per Network Licence per year. If additional licences are required half-way through the year, they will be priced pro-rata until the next renewal date.</p>	<p>9. The 'Network Licences' are allocated per Data Set. If you have multiple Data Sets in your company or across various offices, each Data Set is treated independently with its own number of 'Network Licences'. These licences can be transferred from one Data Set to another at any stage and at no extra cost if the renewal date is the same.</p>
<p>5. After one year, the Annual Subscription becomes renewable. A reminder will be emailed 2 months before expiry and again 1 month later.</p>	<p>10. Please note that the DRPRO Network Licences are Floating / Roaming Licences. They can be used simultaneously on any workstation in the same network up to the max. number of Licences on subscription for the year.</p>
